smart
cleaning and degreasing

Manufactured by:
A&B Laboratorios de Biotecnología
P. I. de Júndiz - C/Paduleta, esq. c/Júndiz
01015 Vitoria-Gasteiz (Spain)
T: +34 945 291 616 - www.ab-laboratorios.com

WHAT IS IT FOR?

- CLEANS ALL TYPES OF SURFACES removing organic dirt without damaging materials, even the most delicate.
- DEGREASES quickly and effectively thanks to the action of enzymatic and biological agents.
- Ideal for cleaning **RESPECTING HEALTH AND THE ENVIRONMENT.**

WHERE AND HOW IS IT USED?

- **KITCHEN:** degreases kitchen counters, extractor hoods, ovens, etc. Cleans tiles, worktops, tables, chairs, etc. Degreases crockery in the dishwasher combined with the detergent.
- **LAUNDRY:** spread the clothes. Apply directly on stains before washing in the washing machine.
- **GARAGE:** cleans the rims of the car, degreases the barbecue.

**SUITABLE FOR ALL SURFACES
AND MATERIALS**

BENEFITS

CONVENIENT AND EFFECTIVE

- **A single multi-purpose product**, does not require complementary products, minimises packaging and residues.
- **Less product for equal or superior efficacy** thanks to its biological agents.
- Immediate action.

ENVIRONMENTALLY FRIENDLY

- **ECODESIGN** certification: with equal or greater effectiveness, product with low environmental impact, manufactured with safe raw materials for the environment.
- **ECOLABEL** certification: ES-EU/020/00001
- **European Business Award for the Environment 2007-2008**
- Free of biocides and added fragrances or aromas.
- **Biodegradable.**

360° SAFETY

- **Exempt from hazardous labelling:** not hazardous for health and the environment.
- Suitable for **all types of materials and surfaces.** Carry out a test before applying on delicate or damaged surfaces.
- **NSF certification:** suitable for use in presence of food.
- Suitable for **HACCP protocols**

OUR ADVICE

- **TRY IN ALL SITUATIONS:** its extreme versatility makes it the first choice to clean any kind of dirt.
- **SUITABLE FOR ALL SURFACES,** even the most delicate: marble, tiles, ceramic, natural stone, plexiglass, inox steel, laminate, etc.

All the ingredients, and in particular the surfactants, aromas and fragrances if present, have been carefully selected to ensure maximum product efficacy with the minimum impact on the environment and on human health according to what established by the international standards of Ecolabel and Ecodesign
